

It's Summertime And the Living is Easy When Safe Chain Handles Your Logistics

Summer vacation. Backyard BBQs. The lure of sand and surf at the beach. It can be difficult to balance business with pleasure this time of year, even when you keep your laptop and cell phone close by.

If so, consider outsourcing your supply chain to Safe Chain Solutions. You can relax and finally enjoy your time away, knowing your products and customers are in good hands.

Safe Chain is the perfect partner for managing logistics—and not just during the summer months. All year long, we can:

- Receive and upload orders
- Stock incoming shipments
- Route items for processing
- Store, stack, palletize
- Record overages, shortages, and damaged items
- Select and assemble items for shipment
- Track orders and shipments
- Provide kitting services
- Conduct inventory control
- Conduct product quality-control checks

Plus, you can login from anywhere, at any time, to check how things are going with our cloud-based inventory management system.

You don't need to be tied to your business 24/7. Safe Chain can keep your business running smoothly, so you can enjoy some well-earned rest and relaxation.
