Safe Chain Solutions Unveils New Website

***The new site offers easy access to information about
Logistics and Healthcare Solutions.***

Cambridge, MD, August 27, 2015 – [Safe Chain Solutions](#), a [Benchworks](#) Company, announced today that it has launched a new website that offers valuable new features and functionality for customers.

The new website is divided into Logistics Solutions and Healthcare Solutions, both to reflect Safe Chain’s offerings and for easy access to information. Through a new customer login, customers will have the ability to place and track orders, and view real-time inventories. Pharmaceutical customers will also have access to all of their T3 required documentation through Safe Chain’s Track & Trace™ online client portal.

Safe Chain President and Partner Charles Boyd said that the new website is one more way the company is providing enhanced services to customers. “Now customers can easily access the information they need, whether they are looking for a company to supply pharmaceutical products and medical supplies as well as OTC products, or want to learn more about our premier third party logistics services including [Safe Chain QC Pro™](#), our proven quality control process.”

Safe Chain Solutions is a rapidly growing distributor serving customers worldwide through its two divisions: Logistics Solutions and Healthcare Solutions. Headquartered in Cambridge, Maryland, the company has a sales office in Miami, Florida, as well as

Annapolis, Maryland, and a digital development office in Nagpur, India. For more information, visit www.safechainsolutions.com or call **855-43PL-SCS** (855-437-5727).
